## DETAILED ACTION

### *Terminal Disclaimer*

1. The terminal disclaimer filed on 2-10-2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of 6,771,283 has been reviewed and is accepted. The terminal disclaimer has been recorded.

### *Allowable Subject Matter*

2. Claims 1-19 are allowed.

3. The following is an examiner's statement of reasons for allowance: Claims 1-19 are allowable since certain key features of the claimed invention are not taught or fairly suggested by the prior art. In claim 1, "retrieving from the electronic document identification and location of information and/or service associated with each identified hyperlink item on the page; retrieving from the electronic document, electronic coordinates of each identified hyperlinked item on the page; translating said electronic coordinates into physical coordinates on the page of the physical copy". The closest prior art, Dymetman et al. (6,330,976) teaches of hyperlinking of paper documents to electronic data, however, either singularly or in combination with other prior art, fails to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
